WTG-East, Inc. for Approval to)	ORDER CLARIFYING
Transfer Authority of WTG-East,)	AND AMENDING
Inc. to WilTel, Inc. and Appli-)	ORDER NO. 92-332
cation of WilTel, Inc. to)	
Introduce New Service Offerings.)	

This matter is before the Public Service Commission of South Carolina (the Commission) on the Motion to Clarify Order No. 92-332 filed by WilTel, Inc. (WilTel). Order No. 92-332 (May 4, 1992) granted WilTel a Certificate of Public Convenience and Necessity to provide intrastate interLATA telecommunications services in the State of South Carolina. Specifically, Order No. 92-332 approved WilTel's request to either sell or resell "intrastate Wide Area Telecommunications Services (WATS), Message Telecommunications Service (MTS), Foreign Exchange Service, or any other services authorized for the sale or resale by tariffs of facility-based carriers approved by the Commission." Order, p. 5. Additionally, the Commission approved the transfer of the private line authority held by WTG-East, Inc. to WilTel. Order, p. 5. However, as noted by the Motion to Clarify, the Commission also stated "...in order

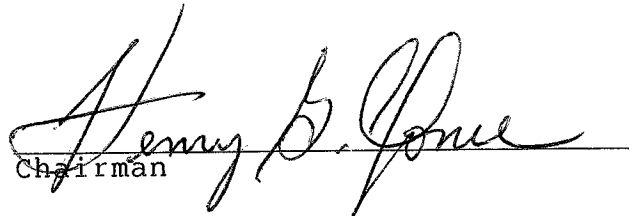

to prevent the unauthorized transmittal of intraLATA long distance traffic, WilTel shall be required to provide its customers with access by use of Feature Group D Switched Access." Order, p. 6.

The Commission recognizes that WilTel cannot provide WATS and private line, which are special access services, through use of Feature Group D Switched Access. Accordingly, the Commission recognizes that there is an inconsistency in the authority and means of access granted by Order No. 92-332. Therefore, the Commission finds it necessary to amend paragraph 4, sentence 2 on page 6 to state as follows: "However, in order to prevent the unauthorized transmittal of intraLATA long distance traffic, WilTel shall be required to provide its basic MTS customers with access by use of Feature Group D Switched Access." Consequently, Order No. 92-332 is hereby amended to reflect the change noted in this Order.

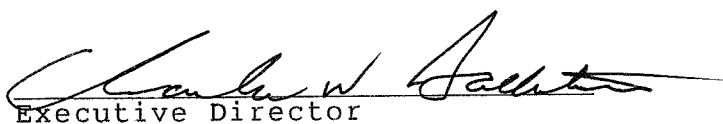

IT IS SO ORDERED.
